

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Bryan Muloski  
DOCKET NO.: 05-23845.001-R-1  
PARCEL NO.: 18-33-327-001-0000

The parties of record before the Property Tax Appeal Board are Bryan Muloski, the appellant, by attorney Rusty A. Payton of the Law Offices of Rusty A. Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 44-year old, one-story style dwelling of frame and masonry construction containing 1,315 square feet of living area with a full, unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process as the basis of the appeal. The appellant submitted for consideration seven comparable properties. The four comparables listed on the appellant's grid analysis are described as one-story frame or stucco dwellings that are between 51 and 102 years old, but the age and physical characteristics of the other three comparables were not disclosed. On the appellant's map, six of the seven comparables are located approximately one-half to three-quarter mile from the subject property. The comparables contain from 1,116 to 1,642 square feet of living area and have improvement assessments ranging from \$9.69 to \$12.22 per square foot. The subject's improvement assessment is \$15.49 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented four comparable properties consisting of one-story stucco, frame, masonry, or frame and masonry dwellings that are between 41 and 54 years old and are located on the same block as the subject property. The dwellings contain from 1,080 to 1,520 square feet of living area and have

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	4,200
IMPR.:	\$	20,372
TOTAL:	\$	24,572

Subject only to the State multiplier as applicable.

improvement assessments ranging from \$13.79 to \$17.34 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds the range established by the most similar comparables contained in this record is \$14.29 to \$17.34 per square foot of living area. The subject's improvement assessment of \$15.49 per square foot of living area falls within this range. Three of the four comparables submitted by the board of review were the most similar to the subject in age, location, and physical characteristics. These comparables received the greatest weight in the Board's analysis. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
